

Board of Education Goals (reflective of a three to five year plan)

- The Islip School District strives for excellence. As a team, we work together to ensure every child reaches his or her full potential. (Learner Focused)
- The District operations and budget are built to support instructional programs and a learning environment that reflects both our academic and financial priorities. (Foundation for Success)
- We will review and develop policies and regulations that improve the overall operating success of the Islip school system. (Working Smarter)
- As a Board, we plan and effectively execute Board of Education meetings in a transparent and timely fashion. (Respect for Community)
